HEIR IS BORN TO THE THRONE OF SPAIN

Will Bear the Title of Prince of the Asturias.

ACCORDING TO SPANISH DECREE

Considerable Etiquette and Publicity Attends the Birth of a Royal Child in Madrid—Preparations to that End Being Made.

Madrid, May 11.—Queen Victoria gave birth to a son on Friday.

The birth of the royal babe has been awaited with eager interest throughout Spain. The news from the palace early Friday morning that the accouchement of the queen was imminent, spread like wildfire, and crowds flocked to the great plaza fronting the royal palace. The happy event had taken the capital somewhat by surprise, for only Thursday afternoon the queen had taken her customary drive and the court physicians had intimated that another two weeks would pass before confinement.

In no monarchial country in the world is the ceremonial observed at the birth of the first off-spring of the king and spring so rigidly, stately and formal as in Spain, and on this occasion, so significant for the Bourbon dynasty with an heir to the throne so anxiously awaited, nothing was omitted from the courtly etiquette.

From the moment when Queen Victoria was officially announced to be approaching the period of maternity, the most careful surveillance was exercised over her, in order that the hopes of the country should not run any risk of being blighted.

The son born Friday to King Alfonso and Queen Victoria will, according to a decree of the Spanish government, bear the title of Prince of the Asturias.

The principality of the Asturias was formerly the mountain refuge of the aboriginal inhabitants of Spain, who remained there unconquered alike by Roman and Moor. In many respects, the Asturias is regarded as the cradle of the Spanish monarchy, hence the pride taken in the title of Prince of the Asturias.

Queen Victoria, the mother of the royal infant, was married to King Alfonso at Madrid on May 31, 1906, amid scenes of the greatest splendor, followed by the horror of a bomb explosion which killed scores of people and narrowly missed the royal coach in which their majesties were returning from church.

Considerable etiquette and publicity attend the birth of a royal child at Madrid. King Alfonso, April 3, signed a decree ordering the necessary preparations for the presentation of the child to the high officials of Spain and the diplomatic representatives accredited at Madrid immediately after the birth.

London, May 10.—The birth of an heir to the Spanish throne was received with unfeigned satisfaction by King Edward, and all the royal family here, who received the first news of the event through a newspaper agency. The general public, with whom "Princess Ena," the name by which Queen Victoria was known previous to her conversion to Catholicism, was always a prime favorite, were equally pleased.

Another New Railroad.

Hazlehurst, Ga., May 11.—Hazlehurst will soon be a railroad center. Men of means and large affairs in this and other towns along the line will soon apply for a charter for a railroad to run from here to Waycross, developing a timber and farming section which has never been touched.

Girl Was Killed by Lightning.

Summit, Ga., May 11.—A bolt of lightning Wednesday afternoon struck a farm house belonging to Wade Rountree, a mile from this place, killing a negro girl instantly and knocking four members of the family insensible for some time. The house was demolished.

FIGHT TO A FINISH.

Longshoremen's Strike in New York Far From Settlement.

New York, May 11.—The longshoremen's strike so far as it concerns the trans-Atlantic lines, gives promise of lasting some time, and being a fight to a finish.

The strike against the coastwise lines is settled. The settlement was a partial victory for the men, for its basis was a compromise. But the deep water steamer companies take the ground more determinedly than ever that the strikers' demands are utterly unreasonable and that there can be no settlement so long as the men persist in them.

Evidence of the present temper of these managements is found in an interview given by Emil Boas, agent of the Hamburg-American line, and in a report at the American Red Star line office and that cots were being put into the second story of the American line shed for the accommodation of the strike breakers.

Mr. Boas was quoted as saying of the situation with regard to his company:

"The action of the strikers has been outrageous. They walked out without saying a word, although some of them were making from $25 to $30 a week by working overtime, and we think they were being well paid for the character of work that they were doing."

In reply Patrick Connors, of the Longshoremen's union in Manhattan, said:

"It is not true that we struck without making any demands. Before we struck a circular with demands was in the hands of every pier superintendent and we struck because the demands were refused. At the wages we were receiving the longshorement, who have often to wait days for work, did not average more than $11 a week."

The congestion of freight is becoming enormous and the commerce of the port of New York is being endangered.

CROP CONDITIONS.

Bulletin Issued By the Department of Agriculture.

Washington, May 11.—The official report issued Friday at 12:30 p. m. by the department of agriculture covering the period up to May 1, 1907, was as follows:

Winter wheat conditions, 82.9; area remaining under cultivation, 28,132,000. Winter rye, condition 88; the meadow mowing lands, 83. Spring pastures, condition 79.6. Spring plowing contemplated, 71.5. Spring planting, 47 per cent actually done up to May 1,1907.

The area of winter wheat remnining in cultivation May 1 is 11.2 per cent, or about 3,533,000 acres less than the area reported as sown last fall.

Landlords to Raise Rents.

Fall River, Mass., May 11.—With the recent advance in wages to mill operatives in this city, amounting practically 10 per cent in the present state of the market for cotton goods, the landlords have started a movement to increase rents. For several months the population of the city has increased steadily with the mills calling for more operatives to keep pace with their business and as a result the demand for tenements has become very great. Many of the operatives unable to secure houses here live in New Bedford, going to and from work on the electric cars.

King Has Narrow Escape.

Dresden, May 11.—During a sham battle and while he was leading an attack by a Uhlan regiment, the king of Saxony Thursday narrowly escaped serious injury. He was thrown from his horse, but when his attendants rushed to his side it was found that he was only stunned. When he recovered he insisted on again taking part in the maneuvers.

Canada Vs. United States.

New York, May 11.—International golf between the United States and Canada is to be attempted this season. Ten well known amateurs, chiefly from the Metropolitan and Philidalephia districts, have agreed to cross the border and participate in tournaments and team matches.

Whereupon the board adjourned.

WIEGAND'S FESTIVAL MASS.

Rehearsals Now Being Held for One of the World's Greatest Productions.

Apropos the Wiegand's Festival Mass, now under rehearsal at Holy Trinity church, it may be of interest to those participating to know that Mr. Petrie of this city was well acquainted with the composer in Sydney, Australia.

Mr. Petrie states that Wiegand captured the organist's prize, a 3,000 pounds' annual salary, for which many noted organists competed—among them the organist of the great Salt Lake City Temple.

Wiegand has the proud distinction of having in his organ the only sixty-four-foot pedal stop in existence. When one thinks of the volume of air required to produce a musical note through a wooden chute sixty-four feet high by four feet square, it seems almost impossible. As a matter of fact, before this organ was built such an enormous pipe was considered absolutely impractical and useless.

Wiegand's ecclesiastical music ranks very high, and it is to be hoped that a chorus of sufficient size may be gotten together in our city to do justice to the work now under rehearsal. The ambition exhibited by our young people in undertaking to produce this work is certainly worthy of commendation.

TO MISS WAINWRIGHT.

Friends of Gainesville Young Lady Tendered Her Surprise in Starke.

The following from The Bradford Telegraph of the 10th inst. will prove of interest, as the young lady so honored, who has been on a visit to relatives in Starke, is the daughter of Mr. and Mrs. J. E. Wainwright of this city:

"Miss Julia Wainwright, who has been making an extended visit with Miss Ruth Wainwright, was the victim of a pleasant surprise party given on her at the Wainwright home last Friday evening. The participants met at the high school building and cautiously approached the Wainwright house. The not unwilling hostess was taken wholly by surprise.

"The early part of the evening was given over to vocal and instrumental music by Misses Wainwright, Hodges and Wills. Later various games were enjoyed, including stealing partners, fishing for love, feeding Polly, kissing the bible, trip to Jerusalem and pleased and displeased.

"Those who made up the gathering are Misses Annie Powell, Mable Wills, Eula Powell, Beatrice Wills, Jennie-Maude Hodges, Christine Daniel, Verdie Sistrunk, Ethel Adkins, Hildabelle Chace and Messrs. Bryant Hodges, H. Crosby, Olien White, Wilifred Philips, Arthur Brooking, Willie Inman, Lester Stearns, Roger Wells, Guy Alvarez, Oscar Alvarez and Willie Wainwright."

Street Appointed for Alabama.

Washington, May 11.—The president has appointed Oliver D. Street to be United States attorney for the northern district of Alabama, vice T. H. Goodhue, whose term has expired.

SCHOOL SEASON WILL SOON CLOSE

Two Evenings of Rare Literary Entertainment to be Held.

THE COMMENCEMENT SERMON

It Will be Delivered by Rev. Francis H. Craighill of Holy Trinity Church, in the Tabernacle—Joint Meeting Tuesday, May 21.

On next Friday evening, May 17, the Junior Class will give a reception to the Senior Class and a few invited friends at the residence of the principal, Mr. McBeath, on East Main street. It will, of course, be a purple and gold affair. A pretty program has been prepared, and all who are fortunate enough to get an invitation may promise themselves an enjoyable evening with these young people.

On Sunday, May 19, at 7:45 p. m. Rev. F. H. Craighill of Holy Trinity church will preach the commencement sermon to the high school. This service will be held at the Tabernacle in order to accommodate the large number that wish to attend, the managers of the series of meetings which the Christian Church is now holding in that building having very generously agreed to hold their services at 3:30 p. m., and to give way for the evening.

On Tuesday evening, May 21, at 8 p. m., there will be held at the High School auditorium a joint session of the Demosthenean and Euclean Literary Societies, to which the public is invited.

The following is the program, Ruth Doig presiding over the joint meeting:

1. Roll Call—Response in quotation from Shakespeare.
2. Piano Duet—Leo Baker and Montine Fagan.
3. Recitation—May Kirby.
4. Piano Duet—Ida McDonald and Edith Bageley.
5. Essay—Bessie Kelley.
6. Vocal Solo—Rosabel Pedrick.
7. Recitation—Julia Wainwright.
8. Debate—Subject: "Resolved, That the United States Should Have a Navy Equal to That of Any European or Asiatic Power." Affirmative—Demosthenian Society—Tom R. McBeath, Evelyn Collins, Sam Mixson. Negative—Euclean Society—Fred Hampton, Julia Bunch, Dallas Bowers.
9. Piano Solo—Mary Phifer.
10. Recitation—Mattie May Williams.
11. Song—Glee Club.
12. Violin Duet—Ruby DeLand, Tom R. McBeath.
13. Recitation—Alescia Schafer.
14. "The Society News," last issue, Lucia Patton, Earle Taylor, Kate Boulwark. Reader, Lucia Patton.
15. Decision of judges and adjournment.

On Friday evening, May 24, the commencement exercises proper will take place at the High School auditorium. Program will be published later.

Strike May Tie Up Trolleys.

Louisville, Ky., May 11.—O. M. Scott, business agent of the Amalgamated association of street and electric railway employees, sent a telegram to international headquarters stating that the situation as regards the union men employed by the Louisville Street Railway company, is critical and that if something is not done at once the men will voluntarily go out on strike before Sunday night. There has been some trouble ever since the recent strike, the men alleging that the company has not observed the terms of settlement.

Sought a Watery Grave.

Cannon, Ga., May 11.—W. M. Moore committed suicide Thursday in an old lake near Double Branch creek below the Dean bridge. He had been in ill health for some weeks. Before plunging into the water he had removed his coat and vest and carefully tied his hands in front with hickory bark. He was about 62 years of age.

DESTRUCTIVE FIRE VISITS NEWBERRY

Two-Thirds Business Section of That Town Destroyed.

FOURTEEN BUILDINGS GONE

Among Which Was the Elegant Concrete Block Owned by Dr. Ruff—Loss About $100,000, Covered Only by About One-Third Insurance.

Newberry, in the West End, seventeen miles west of this city, and the metropolis of that section, was visited by a severe fire Thursday night, which laid to ashes two-thirds of the business district of the town, entailing a loss estimated at about $100,000, about one-third of which was covered by insurance. Both hotels were burned, which leaves the town without a public hostelry, the famous Commercial Hotel, owned and managed by John G. White, and which has for years enjoyed the reputation of being one of the best country hotels in the State, being entirely consumed, as this hotel was in the heart of the burned district.

The fire started, according to reports of those who arrived from Newberry Friday morning, in the hay room in the rear of the Lamb Shoe and Clothing Company, and which was divided by a narrow alley-way from the main store, which was one of the largest in that section of the county. The flames had gained good headway before discovery, the inflammable material feeding the fire with tremendous fury, great sparks flying in every direction.

The main store building was soon ablaze, when the fire spread to the depot of the Atlantic Coast Line, just across the street. This building, which was filled with freight, and six cars standing on a siding, some of which were loaded, were soon consumed.

Owing to the absolute absence of facilities for fighting the flames, save by aid of buckets, which had to be carried quite a distance, the fire spread rapidly west, despite the heroic efforts of the small army of men and boys who had congregated to render aid, and who worked like Trojans in an endeavor to check the conflagration.

To the west, the buildings which succumbed were in order as follows:

Building owned by H. A. Pickett and occupied by Dr. N. J. Barry as a grocery.

Two-story building owned by H. A. Pickett and occupied by Miss Laura Guy as a millinery store and residence.

E. Z. Walker's barber shop.

Commercial Hotel, owned and managed by John G. White.

Building owned by Lute Howell and occupied by King Bros., general merchants.

Newberry postoffice, located in same building.

Two-story building owned and occupied by G. W. Stroble as a residence and market.

E. L. Vidal drug store.

Concrete building, completed about a year ago, owned by Dr. J. F. Ruff and occupied by Noel & Burk, general merchants.

Travelers' Hotel, owned and managde by M. A. Densler.

Residence owned and occupied by Mrs. Lillie Kitchen.

Two-story building owned by Mrs. Lillie Kitchen and occupied by T. E. Garland, market, and A. C. Roberson, general merchant.

Thompson & Smith, liverymen, lost their feed stable, but by heroic efforts their carriage house was saved.

The fire was discovered about 11 o'clock, and burned until 2:30. It was only by the heroic efforts of the populace, who realized that the south side of the street was doomed, that the business houses and residences on the north side were saved.

Those who suffered loss in this conflagration have the sympathy of the people. They will no doubt rebuild immediately, however, and a better class of buildings, as Newberry is a growing town, in the center of the phosphate belt, and the place commands a tremendous trade.

SPECIAL EXPRESS TRAIN.

Is Operated Over A. C. L. in Order to Accommodate Heavy Shipments.

It was stated to The Sun of Tuesday, the withdrawal of the night trains between Jacksonville and St. Petersburg has necessitated the inauguration of a new special express service, in order to accommodate the extensive shipments of perishable freights from the groves and gardens of South Florida.

This special express service was inaugurated Wednesday night, the first train having left Ocala on that date. The train is composed entirely of express, and is operated between Ocala and Jacksonville, via Palatka, leaving Ocala daily at 8 p. m. Connection is made at Ocala with another train from the South, which performs the service between St. Petersburg and Ocala.

Report comes from South Florida that the movement of perishables is very heavy at this season—in fact, the heaviest it has been at this same period for several years.

This train was operated via Gainesville last year.

MRS. NEWCOMBE'S TROUBLE.

Husband of Former Gainesville Girl Slain at West Palm Beach.

Telegraphic nformation in The Times-Union of the 9th inst. contains information of the murder of George Newcombe, a prominent and universally popular young man, who was shot at Palm Beach by Thomas W. Troy, a South American lumber broker, on Wednesday afternoon.

Mr. Newcombe was the husband of Miss Agnes Sligh, daugnter of Mrs. Lillie Sligh, who resided here for several years, and who was very popular. They were married less than a year ago, and a sad feature of the incident is the fact that the victim leaves this young wife and a baby about two months old.

The Times-Union states that Mrs. Alexander St. Clair-Abrams, formerly Miss Daisy Sligh, has gone to Miami to comfort as much as possible the distracted young wife, who is almost prostrated with grief.

Friends of Mrs. Newcombe in this city deeply sympathize with her in this sad hour of trouble and grief.

PRESENTMENTS OF THE GRAND JURY

That Body Adjourned Thursday, After Brief But Busy Session.

COMPLIMENTS THE OFFICIALS

Visited Jail and Found All Surroundings, With One Exception, in Fine Sanitary Condition — Recommend Erection of New Stables.

After a little less than four days' deliberation, the grand jury of the spring term of the circuit court, of which T. K. Godbey was foreman, adjourned Thursday at noon, after having passed upon a large number of cases brought before it, and securing many indictments.

The grand jury has presented to the court the following presentment, which is quite a complimentary report:

"To the Honorable James T. Wills, Judge:

"We, the grand jury for the spring term of the circuit court, in and for Alachua county, Florida, beg leave to inform your Honor that we have completed our labors as such body.

"We wish to express to the court our thanks for the many courtesies extended us during our deliberations, as well as for the able instructions given us by said court.

"We beg to state the we have examined our county jail and other premises approximate thereto. We find the jail and premises in a clean and sanitary condition, except the stables, which are in a deplorable condition, and recommend that the county commissioners take immediate steps looking to the building of new stables.

"We congratulate our citizens upon the prosperity of our county, and desire especially to thank our Board of County Commissioners for their efforts in beautifying the court house and yard, and respectfully approve their action in building steel bridges and otherwise improving the public roads.

"We congratulate our sheriff, L. W. Fennell, for his splendid effort in getting witnesses before this body, and for the manner in which the affairs of his office are conducted.

"We desire also to thank our bailiff for his promptness and courtesies towards us.

"We wish to highly compliment our State attorney for his splendid work and diligence, thereby enabling us to complete our work without unnecessary delay.

"T. K. GODBEY, Foreman."

MR. HYDE'S DEPARTURE.

Left Thursday for West to Look After His Mining Interests.

Geo. W. Hyde, who owns extensive interests in the gold-mining industry in Colorado and Nevada, made his departure Thursday for that section of the country on his regular semi-annual tour. He expects to be absent about two months looking after his interests.

In his Western gold holdings Mr. Hyde has a good thing financially, as the mines in which he is interested are very productive.

WEDNESDAY'S WORK AT STATE CAPITOL

Only Two New Bills Were Introduced in the Senate.

MANY BILLS WERE PASSED

The House Was Very Busy During Entire Day, Holding Morning and Afternoon Sessions—Carter's Attorney Admission Bill Passed.

Only two new bills were introduced in the Senate during Wednesday morning's session.

Senator West of the Fourth introduced a bill providing that a sanitary officer be allowed the State Board of Health. The duties of the inspector will be to inspect the hotels and boarding houses of the State.

Senator Crane introduced a bill incorporating the town of Fort Brook in Hillsboro county, which was referred to the committee on county and State affairs.

President Harris announced the withdrawal of Senator Adams as chairman of the committee on privileges and elections and the appointment of Senator Johnson as chairman of the committee.

The newly elected Senator from Suwannee county was appointed to the following committees: Corporations, railroads, finance and taxation, judiciary and temperance.

Bills on Third Reading.

On motion of Senator Massey bills on their third reading and final passage were taken up and considered.

Senate bill No. 230, by Senator Henderson—To fix the standard of cotton seed meal sold in this State; to prohibit the sale of inferior cotton seed meal without notice to the public; to prohibit the misbranding of cotton seed meal, and providing penalties; passed 30 to 0.

Senate bill No. 136, by Mr. Neel—To provide a penalty for trespass upon standing trees, the title of which is in another, was considered, the bill having been reported unfavorable by the committee on agriculture; passed 31 to 0.

Senate bill No. 7, by Mr. Trammell—Requiring railroad companies and other common carriers to furnsh separate accommodations for white and colored passengers on railroads and conferring powers on the railroad commission, was read for its third time; passed without a dissenting vote.

Senate bill No. 182, by Mr. Buckman—Concerning the payment of deposits made in banks or trust companies in the name of two or more persons; passed its third reading, 32 to 0.

Senate bill No. 180, by Mr. Hudson—Creating the county of Palm Beach and for the organization and government thereof, was placed on its third reading, the committee on city and county organization having returned the bill without recommendation.

Senator Hudson informed the Senate that while the establishing of the new county would be detrimental to his personal interests, he could not refrain from championing the bill as it is demanded. He stated that in many instances residents of Dade county, which the bill seeks to divide, are forced to travel 106 miles in order to reach the present county seat. Senator Hudson said it was nothing more than right to make two reasonable counties of Dade so the residents of the northwestern portion could secure the same privileges and advantages.

House bill by Mr. Clark of Jefferson county was substituted for Senate bill, by Senator Girardeau, relating to notice and tax for the erection of certain county buildings. The bill changes the general statutes of the State so that a county can levy a 3-mill tax for five years, instead of a 2-mill tax, which is now the present law.

Senator Girardeau informed the Senate that his county was going to erect a new court house at an early day.

The Senate adjourned at 2:40 until 10 a. m.

HOUSE PROCEEDINGS.

The House was called to order at 10:30 a. m. Prayer by Chaplain, correction of journal.

The following bills were introduced:

By Mr. Reese of Escambia—Relating to State reform school.

By Mr. Reese of Escambia—Relating to railroad stocks and lands.

By Mr. Rowe of Madison—Relating to taxation.

By Mr. Millinor of Madison—Appropriating $15,000 for middle Florida fair at Madison.

By Mr. Howell of Santa Rosa—Prohibiting certain exhibitions on Sunday.

Messages were read from the Senate and the bills referred to the proper committees.

Senate bill No. 335, amending charter of Bradentown; passed under suspension of rules.

House bill No. 431, by joint committee of apportionment—Reapportioning Senators, was ordered on the calendar of bills on second reading without reference to committee, and was made a special order for Thursday, May 16, at 11 a. m., and 200 copies ordered printed.

Bills on Third Reading.

The following were among the bills placed on third reading:

By Mr. Carter of Alachua—Regulating the procedure for the admission of attorneys to practice, which had been passed informally during the absence of its author, was placed on third reading.

Mr. Matthews of Marion opposed the bill. He believed a man's character is known better in his own community than at the State capital. The tendency in all professions seemed to be to curtail competition. The passage of the bill would work an injustice to unborn generations.

Mr. Carter spoke briefly, saying the bill meets the approval of the judges throughout the State.

The roll call showed 29 ayes and 2 nays, and the bill was therefore passed. There was considerable hesitation in the voting, and one or two changes made before the result was declared.

By Mr. Abernathy of Orange—Prohibiting public boards from purchasing goods from firms or corporations in which any of their members are directly or indirectly interested; passed.

By Mr. Paul of Holmes—Prohibiting trespass upon standing trees; passed.

By Mr. MacWilliams of St. Johns—Giving the railroad commission power over telegraph lines; passed.

By Mr. Neel of Jackson—Requiring county commissioners to publish monthly itemized statements, the cost not to exceed $5 a month; passed.

By Mr. Wilson of Lee—Providing for signing of pension vouchers by postmasters; passed.

By Mr. Russell of Putnam—Relating to the assessment and collection of taxes upon land and turpentine and timber rights thereon; passed, and the House resumed the regular order.

By Mr. Wilson of Lee—Obstruction of navagable water courses; passed.

By Mr. Harvell of Santa Rosa—Making appropriations for State aid to public schools; passed.

Afternoon Session.

The following bills were passed on third reading:

By Mr. Smith of Lake—Providing for nomination of county commissioners by districts.

By Mr. Durrance of Polk—Relating to the prohibited degree of marriage; motion to reconsider the vote on this bill will be made Thursday.

By Mr. Faulkner of Taylor—Providing a method for discovery of the illicit sale of liquor.

The House adjourned at 5:30 until 10 a. m. Thursday.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. SERVICES IN DEMAND.

Prof. McBeath Accepts Invitation to Deliver Commencement Addresses.

Prof. Tom. F. McBeath, the efficient and popular principal of the Gainesville Graded and High School, and editor and publisher of The Florida School Exponent, one of the leading educational journals of the South, who long ago gained a reputation as an orator, has accepted an invitation from President Hulley to deliver the commencement address to the normal department of Stetson University, DeLand, on Monday, the 27th.

Prof. McBeath's services are at all times in demand. He has also been tendered by Prof. Geo. M. Lynch of the Jasper Normal Institute, Jasper, an invitation to deliver the address at the commencement of that institution. He has accepted the invitation, and deliver the address May 30.

Prof. McBeath was compelled to decline an invitation to deliver the address to the graduating class of the DeFuniak High School on May 24, as that is the date of the commencement of our city high school.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapaciated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlan's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

In the Mayor's Court.

Two cases were disposed of in the mayor court Wednesday, as follows:

David Pan, charged with fighting, having "flung a brick" at a companion, was fined $2.50 and costs.

L. Lilienblum, who was arrested for fighting upon complaint from A. Chresostomidhes, was discharged, as there was no evidence to sustain the charge.

On Thursday morning Herman Harris and Fred McCray were both arraigned for reckless driving and were fined $2.50 and costs each.

THE ALTMAYER & FLATAU LIQUOR COMPANY,
MACON, GA.

FOUR-MILL TAX FOR PENSIONS

Senator Broome's Pension Bill Is Most Liberal in Its Provisions.

MR. SMITH'S LIQUOR BILL

It Prohibits the Shipping of Liquor from Wet Into Dry Counties of the State, and Was Fnally Carried, After an Animated Debate.

Practically the entire day Friday was spent in the Senate in the discussion of Mr. Broome's pension law, which is much more liberal than the present law and carries with it a tax of four mills. The bill was amended a number of times and at length went to the engrossing committee.

In the House there was a long debate upon the bill of Mr. Smith of Lake—Prohibiting the shipment of liquors from wet counties into dry counties, following the same lines as the argument on the second reading of the bill. There were 35 votes for and 18 against the bill on final passage, quite a number of the gentlemen sending up explanations of their votes.

Tomorrow ends the sixth week of the Legislature, leaving three more for the session of 1907.

The morning session of the Senate opened with prayer by the chaplain

Senator McCreary introduced the only new bill of the morning, which was Senate bill No. 375—A bill relating to the obstruction of crossings and highways by railroad companies. The bill makes it a misdemeanor for any railroad company or employe to block the highways for more than ten minutes.

The courtesy of tlfe floor was extended to Mayor Fraeker of Tampa and several other citizens of Hillsboro county.

House bill No. 456—Creating the municipality of Pablo Beach, was passed by a vote of 25 to 0.

House bill by Mr. Calkins of Nassau—To grant the city of Fernandina a charter amendment for street improvements was taken up on its second and third reading in the Senate and passed.

House bill No. 557, by Mr. Reese of Escambia county—For the relief of John B. Vanghan who was convicted of manslaughter, was passed. The bill restores citizenship.

By permission, Senator Cone introduced Senate bill No. 278, requiring the State to appropriate $15,000 for the purpose of paying the city of Lake City for buildings of the former University.

The bill was referred to the committee on appropriations.

The cigarette bill, or rather the anti-cigarette bill, known as House bill No. 163, by Mr. Knight of Citrus, also a special order for the afternoon, was passed without a dissenting vote. The law applies to minors only.

The Senate adjourned until 10 a. m. Saturday.

IN THE HOUSE.

The House was called to order at 9:30 a. m., Speaker Knowles pro tem in the chair.

After prayer by the chaplain and correction of the journal, following were among the new bills introduced:

By Mr. Farris of Duval—Liability of common carrier.

By Mr. Peaden of Santa Rosa—Obtaining board or lodging by false pretense.

By Mr. Doke of Alachua—Relating to public roads.

Bills on Third Reading.

House bill No. 140, by Mr. Millinor of Madison—For the protection of conductors, engineers and motormen; passed.

House bill No. 150, by Mr. Paul of Holmes—For opening up of public roads within the State; passed.

House bill No. 159, by Mr. Kilgore of Sumter—Relating to advertisement for bids and employment of labor on roads by county commissioners; passed.

House bill No. 173, by Mr. Abernathy of Orange—Relating to the organized militia. This is a very lengthy bill, covering all phases of the question. The bill passed, yeas 35, nays 11.

House bill No. 194, by Mr. Smith of Lake—Forbidding shipments of liquors into dry counties from wet counties.

Mr. Crawford of Orange spoke in favor of the bill, and inquired whether there was a greater tyranny than that of King Alcohol.

Mr. MacWilliams of St. Johns stood squarely for the local option clause of the constitution, but opposed the incasure. He thought an ineffectual effort to check intemperance would hurt the cause.

The Smith bill was passed by a vote of 35 to 18, and the House then adjourned for dinner.

Afternoon Session.

At 2:30 Mr. Knowles called the House to order and the following bills, on third reading, were passed:

House bill No. 294, by Mr. Farris of Duval—Prohibiting the unauthorized use of the names; etc., of secret societies.

House bill No. 279, by Mr. Hooker of DeSoto—For relief of tax collectors in drainage district.

House bill No. 256, by Mr. Russell of Putnam—Relating to the assessment and collection of taxes upon land and turpentine and timber rights thereon.

Bills on Second Reading

The following bills were read the second time, and referred to the committee on engrossed bills:

By Mr. Decker of Hillsborough—Relating to examination of State banks.

House bill No. 212, by Mr. Decker of Hillsborough—Legalizing ordinance 106 of town of Tarpon Springs.

House bill No. 247, by Mr. Carter of Alachua—Relating to taking of testimony in divorce cases, was withdrawn and Senate bill No. 271, by Mr. McCreary of the Thirty-second amending the city charter of Gainesville, was substituted and passed.

Mr. Knowles of Monroe, Mr. Watson of Dade, and Mr. Williams of St. Johns, occupied the chair during the day. Adjourned at 5 p. m. until 9:30 a. m. Friday.

SATURDAY'S PROCEEDINGS.

Special to The Sun.

Tallahassee, May 11.—Today has been an extremely busy one in the Florida Legislature, both Senate and House being busy during the day.

The Senate held both morning and afternoon sessions, disposing of a large amount of routine business. The Stetson University bill came up among others, and was killed by an indefinite postponement. A large number of purely local bills were taken up and passed.

The bill extending limits of Tampa so as to include Fort Brooke was introduced, and was passed in both Senate and House under waiver of the rules in a little over an hour, making a record.

The Crane bill, providing for the granting of franchise to street railways by county commissioners, was killed in the House.

The Senate adjourned this afternoon until 4 o'clock Monday afternoon, the House until 9:30 a. m. Monday. Less than three weeks now remain of the session of 1907.

Mr. and Mrs. Warren Home.

Mr. and Mrs. Shields Warren have arrived in the city, after a delightful trip to Washington and the Jamestown Exposition.

It will be remembered that Mr. Warren, who is the popular receiver of the United States land office in this city, was married in Apalachicola, his former home, to Miss Vera, the accomplished daughter of Mr. and Mrs. H. W. Johnston, on Wednesday, April 24, leaving immediately on their bridal tour. No two young people in Florida are more universally popular, and Gainesville feels honored that they will make their home here. They are pleasantly located at 408 East Main street N., where they will be at home to their friends.

Mr. and Mrs. Warren were delighted with their stay in the National Capitol, and were also deeply interested in the Jamestown Exposition, which Mr. Warren declares is one of the best the world has ever seen.

The fact that Tillman will be in the Senate is the main reason so many people are hoping that Roosevelt will succeed Senator Platt.

"Suppose Thaw's family were not wealthy," suggests a contemporary. In that case there never would have been any "Thaw case."

A Missouri man is being prosecuted for bigamy by seventeen wives. We do not know exactly the right word, but "bigamy" falls short by a lot.

A husband brings suit for divorce because his wife blew a tin whistle to keep him from snoring. We suppose the woman will not resist the separation.

The Government is going to feed molasses to some New Orleans negro convicts to test its purity. Might as well try to punish Sambo by giving him watermelon.

How quiet the administration is about that $173,000 lost from the sub-treasury at Chicago and the amount stolen from he sub-treasury at St. Louis. The officials selected by this reform administration seem to be more dishonest than former ones were, who were partisans of the deepest Republican dye.

We have received an invitation to be present at the commencement exercises of the Jenson High School, Jensen, of which Miss Edith Hunter is the efficient principal. These exercises will be held on the evening of the 13th inst., and the program shows six graduates, which is a great compliment to Miss Hunter, who was formerly an Alachua county teacher.

The French Ambassador has complained to the Secretary of the Treasury that over-valuation of French goods imported here is preventing exports from that country and demands the same treatment that is being accorded to Germany. The tariff war against the United States is warming up and the standpatters will have to make concessions, or our foreign trade will greatly suffer.

The lawn plats recently set about the exterior of the court house square, and in which the janitor, Moses Sherman, has manifested a great deal of pride, are being fenced, to protect them from trampling by thoughtless or reckless pedestrians who either do not think, or who do not care, for the protection of the grass. A row of evergreens has also been set around the square, which will be protected by this temporary enclosure.

Hon. Frank Adams, the gentleman from the Thirtieth, is unquestionably one of the best parliamentarians and impromptu speakers adorning a seat in the Senate of 1907. Being ever ready to take an active part in any and all important measures which he believes beneficial to his constituency, the voice of Florida's merchant prince and politician is heard every day—every hour the Senate is in session. It can be truthfully asserted that no important bill becomes a law unless Senator Adams is heard to decry its bad or praise its good features.

TWO MEN'S OPINION.

In comparison with the scathing, irresponsible and untruthful attack on Florida of Geo. P. Rowell, editor of Printers' Ink, New York, which appeared in his journal of recent date, and for which he has been given a severe ripping up by the press of the State, we take pleasure in reproducing the opinion of Hon. Champ Clark of Missouri, which has just appeared.

Col. Clark, who is one of America's most intellectual sons, speaks not from what he has dreamed, as evidently did the editor of Printers' Ink, but from actual personal observation on his recent trip through the State.

Under the caption of "Delightful Florida," Col. Clark, who is a Congressman from Missouri, says:

"From Dover, N. J., to St. Petersburg, in southern Florida, is a long distance jump even in the lecture business, but I made it lately and shall never regret it—snow, ice and heavy overcoats in Dover; peach blossoms, orange blossoms, roses, fresh vegetables, linen suits, straw hats and fans in Southern Florida. Florida is not only a land of flowers, but it is a land of wonders and of a wonderful possibilities. Ponce de Leon never realized his gorgeous and fascinating dream of discovering the fabled fountain of perpetual youth, but Americans are finding there health, happiness, comfort and wealth. Florida now has a population of something over 700,000 souls. The great puzzle to one who has seen it and heard the unimpeachable story of its marvelous fertility is why it hasn't a population of 7,000,000.

"When I lectured at St. Petersburg we were the guests of Hon. Joseph C. Sibley, ex-Congressman from Pennsylvania, and his most estimable wife, and when I lectured at Gainesville we were the guests of Representative Frank Clark and his estimable wife. The recollection of the generous hospitality of these two families will rest upon us like a benediction all our lives.

"Sibley has purchased large tracts of land near St. Petersburg and is an enthusiast as to Florida's future. He has orange and grape fruit groves, some just planted. He is establishing a sort of agricultural experiment station on his own hook to test the productiveness of the soil, especially in forage plants. It is his theory that even those parts of Florida which are called pine barrens can be made to produce immense crops. He says that about St. Petersburg as much as a thousand dollars per acre has been realized on strawberries.

"At Gainesville an intellectual schoolma'am told me that one man had made $10,500 net from three acres of lettuce and that it was rumored that another man had done better even than that.

"It is not generally known that Florida is the largest State east of the Mississippi, but so it is. Of course everybody knows of her health-giving climate, her phosphate beds and her immense forests of pine and cypress. Her orange groves and grape fruit groves and big hotels have been extensively exploited, but the fact that it is the best poor man's country in America has not been exploited much, and that is the most important feature of Florida. If the fact were generally known that a family of five or more persons can live comfortably on a two-acre truck patch and even lay by something for a rainy day, Florida's population would soon double. Just now thousands of our people from the Northern and Central States are moving to Manitoba to better their condition, but it costs only about half as much to live well in Florida as in Manitoba. Houses, clothes, food and fuel do not cost so much. Cattle live the year round outdoors and keep fat. To sum it all up, I would call Florida 'the poor man's paradise.' Not that it is not a delightful habitat for the well-to-do and the rich. They can take care of themselves everywhere. Why any man will live in city slums and rear children there when he can find a home with pleasant surroundings and healthful environment in Florida at a price within the reach of every day laborer is a surpassing mystery. I am no land agent or land boomer; I own not one cent's worth of property in Florida, but I write these words in the hope that folks of small means in cities and colder climates, reading this, may improve their condition by the simple process of settling in Florida, where Nature has been so lavish with her gifts.

"Perhaps the most unlooked for thing I saw in Florida was one of the finest stables of roadsters in America, owned by Rev. Dr. Strouse, the famous evangelist. To see his satin-coated horses and to ride behind his high steppers is a delight to a man born and bred in Kentucky and living in Missouri. Dr. Strouse is a splendid Virginia gentleman."

The twentieth annual meeting of the Florida State Horticultural Society will convene at St. Petersburg on May 14, 15, 16 and 17. To most of the horticulturists in this vicinity the value of the State organization is fully appreciated. This is shown from the fact that they have over sixty members belonging to the organization from Gainesville alone. It is especially desirable to have a very large delegation to attend the St. Petersburg meeting. Our practical men, as well as our scientific men, are appreciated and honored by positions on the program. In addition to the regular program, which is worth much more than the cost of attending, there are a number of special features any of which should fully repay one for the cost and loss of time in attending. Dr. E. W. Berger, of the Experiment Station, will deliver a lecture on "Combatting the Whitefly by Means of Its Natural Enemies." Dr. W. O. Richtman of Huntingdon will have a paper on "The Production of Camphor in Florida." Prof. Hume of Glen St. Mary, who has always ranked as one of he very best workers and speakers, has consented to give a paper on "Some Principles in Pruning," illustrated by stereoptican views. Another very interesting and entertaining feature of the program is a free excursion on the 16th to the Manatee river points. This will give the horticulturists a chance to inspect one of the largest bearing citrus groves in the State of Florida. The railroads have granted a rate of one fare plus 25c for the round trip. This reduces the cost of traveling to 1½c a mile for each mile traveled. Certainly a very reasonable rate.

BIG DAY'S WORK AT TALLAHASSEE

Constitutional Amendments Discussed in the Legislature.

BUCKMAN RESOLUTION WAS LOST

Mr. Faulkner's Proposed Amendment on Apportioning Taxes of Negro and White Races for Schools Met Its Waterloo—Other Legislative News.

With thirty-one Senators present Thursday, the morning session was opened with prayer by the chaplain.

The courtesies of the floor were extended to Capt E. E. Bell of Trenton by request of Senator McCreary.

Senator Johnson of Suwannee county introduced his first bill, which was Senate bill No. 360, a bill for the relief of the widow of the late Senator J. R. Newlan of the Seventeenth. The bill carries with it an appropriation of $180, which amount the late Senator would have secured as services as Senator had he not died. On motion of Senator Johnson, the rules were waived and the bill put on its second reading and was passed unanimously.

A ripple of amusement was created when Senator Beard of the Second introduced Senate bill No. 362, by request, which provides protection for gophers. The bill was referred to the committee on State affairs.

Senator West of the Fourth introduced Senate bill No. 364, which provides that no amount of cotton less than a bale shall be sold between August 15 and September 15, without a license tax. The bill was made a special order for Friday morning.

Senate bill No. 267, by Mr. Beard, by request—Providing for the disposition of real estate by husband and wife, was read for its first time and referred.

House memorial to Congress seeking an appropriation to clean the St. Johns river of the hyacinth pest was read the second time and passed by a vote of 27 to 0.

House memorial—Requesting Congress to allow Florida to survey all Government lands in the State, passed the Senate without a dissenting vote.

Senator Baker presented a petition from citizens of Marion relative to pending legislation with the request that the number of signatures appear on the calendar.

Senate bill No. 370, by Mr. Buckman—Authorizing the acceptance from the United States Government of the appropriation for the agricultural experiment station at Gainesville, was read for its first time. On motion of the introducer the rules were waived and the bill passed its second and third reading.

Senate bill No. 252, by Mr. Hudson—To provide for the enlargement and repair of the State capitol, was taken up as a special order. After much discussion as to a desirable location and the cost of the lot for the erection of the supreme court building, which the bill calls for, on motion Senator Crill, the president was requested to appoint Senators Sams and Hudson a committee to investigate the cost, etc., of the building and make their report on Monday of next week.

Senator Crane's bill, No. 16, and Senator McCreary's bill No. 34, and Senator Humphrie's bill No. 101, relative to uniformity of school textbooks and cheaper books for the children of Florida, were made a special order for Tuesday of next week.

Senate bill No. 152, by Mr. Alford—Defining the duties of the several State attorneys of this State, fixing their salaries—appeared on its third reading. Senator Alford spoke in favor of the bill and expressed the hope that the bill, which was reported unfavorably by the judiciary committee, would become a law. Senator West of the First spoke against the bill, contending that the State should be represented by the best men and he was against the bill, because it reduced the salaries from $2,400 to $1,800. The bill was defeated by a vote of 26 to 1.

Senate joint resolution No. 127, by Mr. Buckman, which is as follows: "Be it resolved by the Senate and House of Representatives of the State of Florida, jointly, that the Senate and House of Representatives of the State of Florida do hereby jointly determine that a revision of the constitution of the State of Florida is necessary," was taken up on its third reading. Senator Adams moved the indefinite postponement of the bill, which was carried by a vote of 18 to 9.

The House has only recently defeated a similar bill.

Senate bill No. 273, by Senator McCreary—To provide for the keeping of a record of all sales of dynamite by all persons, firms or corporations who deal in, sell or offer for sale dynamite, and providing for failure to keep such record. The bill passed its third reading by a vote of 26 to 0.

The Senate adjourned to 10 a. m. Friday.

IN THE HOUSE.

The House was called to order at 10 a. m. Roll call showing a quorum present. Prayer by the chaplain.

Bills were introduced as follows:

By Mr. Carter of Alachua—Election of executive committeemen.

By Mr. Farris of Duval—Relating to sale of tax certificates held by the State.

By Mr. Farris of Duval—Relating to tax deeds.

By Mr. Reese of Escambia—Payment of poll taxes as requisite to voting.

By Mr. Reese of Escambia—Protection of gophers.

By Mrs. Geiger of Lafayette—Erection of fences by railroads to protect stock.

By Mr. Donegan of Osceola—Relating to multilation of marks of domestic animals.

By Mr. Donegan of Osceola—Employment of attorneys by county commissioners.

By Mr. McCutcheon of Pasco—Forcing a person to do any act against his will, or confess to crime.

By Mr. Faulkner of Taylor—Forbidding excursion trains on Sunday.

By Mr. DuPont of St. Johns—Encouragement of immigation.

By Mr. Willis of Levy (by request)—Relative to military rolls and records of Florida.

By Mr. Willis of Levy—Maintenance and erection of buildings for higher educational instruction of State; appropriation.

A message was read from the Senate and bills referred to the proper committees.

Bills on Third Reading.

House bill No. 61, by Mr. Beard of the Second—Amending Section 1563 of the general statutes of the State of Florida; passed.

Senate bill No. 130, by Mr. Baker of the Twentieth—Providing for the reception and safekeeping by the commissioner of agriculture of the field notes, maps and records in the office of the surveyor-general, appertaining to land titles in Florida; passed.

Senate bill No 38, by Mr. McCreary of the Thirty-second—Relative to directions for printing, etc., of ballots; passed.

By Mr. Malone of Monroe—Providing for the expenses of circuit judges. As amended, the bill provides $600 a year.

By Mr. Kirkland of Lake—Relating to the maintenance of public roads and privileges of the several counties.

Afternoon Session.

The House adjourned for dinner during the discussion on House joint resolution No. 226, by Mr. Faulkner of Taylor—Proposing an amendment to Article 12, Section 12, of the State constitution, relating to education. The resolution proposes that all taxes paid by white tax-payers should go to the support of white schools, and the taxes of negroes to the support of negro schools. The resolution was favored by Mr. Faulkner and Mr. Farris and was opposed by Mr. Malone, Mr. Willis of Levy, Mr. Dupont, Mr. Knight of Columbia, Mr. MacWilliams and Mr. Crawford, and after a lengthy session was lost by 28 yeas to 25 nays, less than the required three-fifths vote.

The House adjourned to Friday morning.

THURSDAY'S WORK OF CIRCUIT COURT

Two Defendants in Murder Cases Arraigned During Day.

BOTH PLEADED NOT GUILTY

Almost Entire Trial Day Was Consumed in One Civil Case—List of Jurors Drawn to Serve Second Week of Term—Grand Jury Discharged.

From Friday's Daily Sun.

The circuit court convened at 9 o'clock Thursday morning pursuant to adjournment of Wednesday, His Honor Judge J. T. Wills presiding.

The grand jury came into open court and rendered a true bill against John Smith, alias John Martin, murder in the first degree.

It being necessary to hold this term of the court during the second week thereof, the Judge, in the presence of the clerk and sheriff, drew from the box containing the names of persons selected for jurors for Alachua county for 1907, the following named persons to serve as petit jurors for the second week:

B. F. Dyess, O. B. Bryant, H. M. Moran, W. F. Love, J. W. Chamberlin, E. L. Cushman, T. L. Blanton, B. R. Colson, M. M. Holt, O. M. Tillman, M. M. Sanchez and J. R. Williams, and the clerk was instructed to issue venire for same, returnable on Monday, May 13, at 2. p. m.

During the day M. John Holt and John Smith, alias John Martin, each charged with murder in the first degree, were arraigned, and each pleaded not guilty as charged in the indictments against them.

The greater part of the trial day was consumed in hearing the cases of W. R. Thomas vs. S. G. Gay & Co., assumpsit, damage $500, in which the jury returned a verdict for the plaintiff in the sum of $288.49 and costs.

The case of Harry Hailty vs. the Melrose Manufacturing Company, assumpsit, damages $500, was called and part of the testimony submitted, when court adjourned until 9 o'clock Friday morning.

During the forenoon the grand jury came into open court, made its presentments, and was discharged with the thanks of the court. The presentments appear elsewhere in this paper.

THE CIRCUIT COURT.

Adjourned Friday Noon Until Monday Afternoon at 2 O'clock.

The spring term of the Circuit Court has adjourned, after a week's deliberations, until Monday afternoon at 2 o'clock, when the second week of the term will be taken up.

The first week of the term has been a busy one, as Judge Wills in the court room and State Attorney A. V. Long in the grand jury room have kept matters stirring.

The only case before the court Friday was that of Harry Hamilton vs. the Melrose Manufacturing Company, assumpsit, damage $500, which was begun Thursday afternoon. The jury returned a verdict in this case in favor of the defendant.

Judge Wills and State Attorney Long left yesterday for their home in Starke, where they will remain until Monday.

During the day Friday W. M. Davidson was arraigned upon three indictments of selling liquor in a dry county, pleading not guilty to each indictment.

S.S.S. CURES BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer which does not always excite suspicion because of its insignificance; but as the poison becomes more firmly rooted in the blood, the mouth and throat ulcerate, copper-colored spots appear, a rash breaks out on the body, the hair begins to come out, glands in the neck and groins swell, and often ulcerating sores form on the limbs, hands or face. But this is not all: if the poison is allowed to remain it works down and attacks the bones, causing necrosis or decay, and makes a complete physical wreck of the sufferer. It will not do to tamper with a disease so powerful as Contagious Blood Poison, for every day the virus remains in the blood the trouble is progressing toward a more dangerous stage, and may in the end get beyond the reach of any treatment. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the greatest of all blood purifiers. This remedy attacks the disease in the right way by going down into the blood and forcing out every particle of the poison. It makes the blood pure and rich, strengthens the different parts of the body, tones up the system and cures this humiliating and destructive disorder permanently. The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the poison is driven from the blood, and the sufferer completely restored to health. S. S. S. is not an experiment, it is a success and has cured thousands of cases of Contagious Blood Poison in every stage, and being entirely free from minerals, is a safe as well as certain treatment. If you are suffering with this debasing disease get the poison out of your blood with S. S. S before it does further damage. Special home treatment book on the disease and medical advice sent free to all who write.

THE UNION PICNIC.

Large Number of Sunday School Children and Others Went.

One of the largest and most successful picnic excursions ever given in this city was the union Sunday school picnic, which was participated in by the Methodist, Episcopal, Presbyterian and Baptist churches of the city Friday.

A special train consisting of ten coaches, all heavily loaded, left the city at 9 o'clock for Worthington Springs, arriving at destination in fifty-five minutes without mishap.

The spacious picnic grounds at Worthington, with the massive oaks and magnolias and the cool, inviting spring, proved a most desirable resort, and those who attended enjoyed the occasion very much. The dinner was served at the appointed hour, and a better picnic dinner was never seen in Florida.

The picnickers returned home in the evening a tired but happy lot, declaring this to be one of the most successful affairs of the kind ever held in the State.

Ticket Agent Goodwin sold 750 tickets for this occasion.

A Delightful Evening.

One of the most delightful informal social functions of the season was a card party tendered by Mrs. W .T. Chesnut, East Liberty street, complimentiary to her niece, Miss Bird, of Monticello, Thursday evening.

The affair was not largely attended, there being only three tables, but those present enjoyed the evening thoroughly, and are under many obligations to Mrs. Chesnut for an opportunity to meet her guest, and also for the entertainment of the evening. Mrs. Chesnut proving herself the usual clever hostess.

Delicious refreshments of ice cream and cake were served during the evening.

AT THE TABERNACLE.

Rev J. B. Nelson Delivered a Fine Sermon There Last Night.

From Saturday's Daly Sun

Rev. J. B. Nelson of Grand View, Ky., the evangelist of the Christian Church, began a series of meetings at the Tabernacle last night. The first meeting was held attended, and those who heard Rev. Nelson concluded at once that he was an orator of a forceful nature.

Services will be conducted in the evening at the Tabernacle, beginning at 7:30 o'clock, until further notice, and a cordial invitation is extended to the public.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

WILL PAY RESPECTS TO THE MOSQUITO

Expert Will Deliver Interesting Lectures in This C ty.

MADE MOSQUITOES A STUDY

Has Been Touring State on Lecturing Tour, Explaining the Mosquito and Making Suggestions for Extermination of This Pest.

An opportunity is soon to be offered to the people of Gainesville to learn more in regard to the mosquito—that energetic little pest so familiar to us all, which sometimes almost tempts sanctified people to say things that wouldn't sound well, and which by his presence makes himself a nuisance to every class, sex, color and age.

Prof. C. L. Pribble of Topeka, Kansas, editor of The Western Naturalist, who is touring the State with a series of lectures on the mosquito, which as is well known, is a germ carrier, has arrived in the city, and purposes to deliver two lectures, and possibly three. He will address the pupils of the Gainesville Graded and High Schools and the University of Florida, and may arrange to give a public lecture before he makes his departure from the city.

Prof. Pribble is a young man, but it is evident, from his conversation and the excellent recommendations he carries from leading educators and naturalists of the country, as well as the hundreds of press notices from the leading papers, that he is a man of unusual intellectual qualities, and one who is thoroughly familiar with the subject upon which he will talk, and of which he says he has made a most careful study for years.

The dates for his lectures have not yet been decided upon, but will be published in due time.

TEACHERS' EXAMINATION.

Annual Examination to be Held in June, Conducted by Dr. Kelley.

Dr. J. L. Kelley, County Superintendent of Public Instruction, requests The Sun to announce that the annual examination of applicants for teachers' positions in the schools of Alachua county will be held in this city for four days, beginning June 4.

Every person aspiring for the position of teacher in this county is eligible for examination. Applicants are requested to be promptly on hand, and bring legal cap paper, pen and ink.

Those desiring further information may secure same by addressing Dr. J. L. Kelley, this city.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by all druggists.

SEABOARD SCHEDULE.

Time of Arrival and Departure of Trains from Gainesville.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

UNION ACADEMY EXERCISES.

Mt. Pleasant M. E. Church Filled to Its Capacity Wednesday Night.

The commencement exercises of Union Academy Wednesday evening are said to be the greatest in the history of the school.

Several hundred persons were present to witness the closing. The orations were full, well discussed and most gracefully delivered. The order could not have been surpassed; at times, even a pinfall could be heard.

Miss Hattie Brisbane was salutatorian and Tourgee Debose was valedictorian of the class. The subjects were as follows: "Duties of Life," Miss Hattie Brisbane; "Education," Miss Everline Rivers; "Responsibility of Opportunities," Miss Alberta Glass; "True Politeness," Miss Odella Wilkins; "Woman a Factor in Race Progress," Miss Nancy McDonald; "Farewell," Miss Iabel Lang; "The Value of Reading," Tourgee DeBose.

The music rendered was excellent, of a high order, and indeed charming.

After the delivery of the orations, Principal T. E. DeBose came forward, and with timely remarks, introduced, for the purpose of delivering the diplomas, the county superintendent, Dr. J. L. Kelley, who made one of the best addresses which ever fell from a superintendent's lips, after which, with appropriate words and in a most dignified manner he delivered the diplomas to seven persons.

Dr. Kelley was accompanied by Mrs. Kelley, and many other white friends were present, and all seemed to enjoy the exercises very much.

The door receipts for the five nights amounted to $112.80.

OBSERVER.

THE BURTONS TO MOVE.

Will Go to Waycross, Ga., Where Mr. Burton Will Follow His Trade.

After a residence of many years in this city, J. J. Burton and family expect to make their departure in a few days for Waycross, Ga., where they will in future reside.

Mr. Burton is a carpenter and contractor, and a man whom it is said, knows his business. He has resided with his family here for a long time, has made many friends, and the departure of the Burtons will cause regret.

Mr. Burton has not decided positively whether or not he will locate in Waycross, but that is very probable. He has visited the Georgia city, is well pleased, and if conditions are right will make his future home there.

H. O. Riley of Atlanta, Ga., assistant general superintendent of construction of the Southern Bell Telephone Company, has returned to his home, after a couple of days spent here in looking over the work of extension being done by the company in Gainesville. Mr. Riley was well pleased with the city, which he says in his opinion is the leading inland city of Florida, with great prospects before it.

R. J. Holly left yesterday for Tampa and other points in South Florida, where he goes in the interests of an immigration proposition. It is the intention of Mr. Holly to present the proposition to the various boards of county commissioners of that section of the State, with a view to interesting them in a scheme to advertise Florida, thus attracting the attention of those who desire to come South. The scheme is a good and feasible one, and would probably work to fine advantage.

HIGH SCHOOL NOTES.

Interesting Batch of Items from The Sun's Special Correspondent.

This has been a busy week throughout the school, the last week of regular study. Beginning Monday, the whole of next week will be given to final examinations covering the year's work in each branch of study. The last week will be devoted to revisions in all branches. Next week there will be no morning recess, and no afternoon session, in order to give the teachers time for grading the papers.

While, of course, it might have been better, still there is a general feeling among the teachers that the year's work has been satisfactory. Owing to the fact that the requirements for promotion will be more rigidly followed than has perhaps been the case heretofore, the percentage of promotions may not be as large as usual. Heretofore too many pupils have been allowed to enter grades for the work of which they were not sufficiently well prepared.

The high school pupils are busy studying for exams. and preparing for commencement.

The examinations for the scholarship medals in Latin and mathematics for the Freshman and Sophomore classes began Friday. The medals are given by the principal. About ten pupils from each of the two classes entered the contest. These medals were won last year by Tom R. McBeath of the Sophomore, and Nannie Smith of the Freshman. Nannie is one of the contestants for Sophomore medals this year.

The commencement invitations have come and are pronounced by all who have examined them to be as pretty as ever seen in Gainesville.

WHAT IS CATARRH?

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

The one scientific and commonsense treatment is Hyomei, a combination of healing and germ-killing balsams, which is breathed through a special inhaler that comes with every outfit.

A complete Hyomei outfit costs but $1.00, and J. W. McCollum gives his personal guarantee with every package that money will be refunded unless the treatment cures.

STRICKLAND BARN BURNED.

Building and Contents Destroyed by Fire Few Nights Recently.

Information has reached this city to the effect that the barn of W. A. Strickland, together with its contents, was burned at Paradise a few nights ago, entailing a loss of about $400, with no insurance.

Mr. Strickland has made no statement in the matter, although he was in the city yesterday. Neighbors state, however, that the barn was well filled with feed-stuffs, and the loss will be a serious one to the owner.

The fire is said to have originated by rats gnawing matches.

FOR STOMACH SUFFERERS.

Mi-o-na is the one remedy for stomach troubles that publishes its formula: chemically pure bismuth subgallate, to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bi-carbonate, to neutralize the poisonous acids that are present in stomach troubles; and nux vomica, which restores vigor to the digestive organs and tones up the whole nervous system.

This combination of valuable remedies is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system, and cure even the worst form of stomach trouble, that J. W. McCollum sells the remedy under guarantee to refund the money unless it cures.
